Use Determination & Recommendation:

Has the use existed since November 28, 1975? ☒ Yes ☐ No ☐ Unknown
Comments: Landowner stated family uses for swimming

Is the evaluated use attainable? ☒ Yes ☐ No

Comments: The UAA was conducted in May, 2005 and no WBCR was observed, however the landowner stated that his family used the stream regularly for swimming. The stream met the maximum depth criterion in 2 of 2 sites and the average depth criterion in 2 of 2 sites. Since the stream was being used for swimming, the committee recommends retaining the WBCR designation.

Committee Recommendation: ☒ Retain Use ☐ Modify Use ☐ Remove Use ☐ Inconclusive
